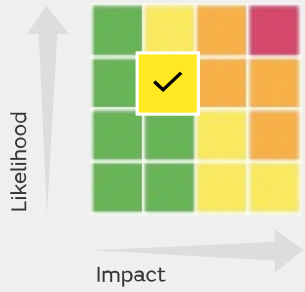
- Flooding of a few homes and businesses is likely
- Bus and train services probably affected with journey times taking longer
- Spray and flooding on roads probably making journey times longer
- Some interruption to power supplies and other services likely

Further details

Outbreaks of rain, heavy at times, will move in from the southwest on Friday evening then persist overnight into Saturday. 20 to 30 mm rain is likely quite widely with 40 to 50 mm on some hills. With conditions already very wet this is likely to cause some flooding. The rain will also be accompanied by strong winds, with gusts of 40-50 mph and possibly 60 mph on some exposed coasts in the south.

The rain and strong winds will clear eastwards during Saturday daytime.



✓ Medium likelihood of low impacts
